

Study programmes made in Germany

Would you like to get an excellent education in a high-tech, yet beautiful environment? Do you prefer to study in small groups with professors who actually know your name? Then Brandenburg University of Applied Sciences is your place to be. We offer innovative and future-oriented programs with hands-on experience and outstanding support throughout your studies.

Competent - Practical - International: Our Graduates Are Just Ahead!

Please note, that our general language of instruction is German. We offer a preparatory German course to help you with the last step towards DSH-German.

For exchange students: To find out about classes in English contact Heike Wolff, [wolffh\(at\)th-brandenburg.de](mailto:wolffh(at)th-brandenburg.de).
